

Alfalfa Variety Ratings

Winter Survival, Fall Dormancy & Pest Resistance Ratings for Alfalfa Varieties

2014 Edition

This publication provides ratings of alfalfa varieties eligible for certification by seed certifying agencies. It does not list all important characteristics to be considered in the selection of alfalfa varieties. With the exception of some varieties listed as checks, all varieties listed can be purchased in the United States.

This National Alfalfa & Forage Alliance publication is intended for use by Extension and agribusiness personnel to satisfy a need for information on characteristics of certified-eligible alfalfa varieties. NAFA updates this publication annually to keep the information current.

Winter Survival, Fall Dormancy & Pest Resistance Ratings for Alfalfa Varieties

Information is obtained from the Association of Official Seed Certifying Agencies (AOSCA) and the National Alfalfa Variety Review Board (NAVRB) report. Blank spaces indicate the variety has no approved rating through AOSCA.

Fall Dormancy (FD) Rating Descriptions

| FD Rating | Description |
|-----------|--------------------|
| 1, 2 | Very Dormant |
| 3, 4 | Dormant |
| 5 | Moderately Dormant |
| 6, 7 | Semi-Dormant |
| 8, 9 | Non-Dormant |
| 10, 11 | Very Non-Dormant |

FD is the degree of fall alfalfa growth, as a response to temperature and day length. Lower dormancy ratings exhibit less fall growth, while higher dormancy ratings indicate greater fall growth. FD ratings are indexes assigned by comparing the height of fall growth with standard check varieties, and tested across locations and years to accurately represent dormancy response across environments.

Resistance Ratings

| % Resistant Plants | Resistance Class | Class Abbreviation |
|--------------------|---------------------|--------------------|
| 0-5% | Susceptible | S |
| 6-14% | Low Resistance | LR |
| 15-30% | Moderate Resistance | MR |
| 31-50% | Resistance | R |
| >50% | High Resistance | HR |

Winter Survival Ratings

| Category | Check Variety | Score |
|------------------------|---------------|-------|
| Extremely Winterhardy | ZG 9830 | 1 |
| Very Winterhardy | 5262 | 2 |
| Winterhardy | WL325HQ | 3 |
| Moderately Winterhardy | G-2852 | 4 |
| Slightly Winterhardy | Archer | 5 |
| Non-Winterhardy | CUF 101 | 6 |
