**Solutions**
- Vision for today...
- Research & Policy Initiatives
- Training & Education
- for tomorrow
MISSION & OBJECTIVES
NAFA ensures the ability of the alfalfa and forage industry to compete effectively and profitably, domestically and abroad. NAFA provides a forum for consensus building among stakeholders and is a political advocate on behalf of the industry.

Training & Education  Providing Solutions in Training and Educational Materials

The Alfalfa Intensive Training Seminars (AITS) ... Three day seminar educating participants on topics such as Variety Testing, Seed Production, Fertility, Growth & Development, Irrigation, Pest Management, Mowing & Field Drying, Silage Preservation, Hay Preservation, Alfalfa in Animal Diets, and Custom Harvesting and Economics. Classes are small, providing opportunities for individual instruction and questions.

Publications... Publications are available at www.alfalfa.org. Titles include: Alfalfa The High Quality Hay for Horses, Alfalfa Analyst, Alfalfa for Profit, Alfalfa Germination & Growth, Growing Alfalfa in the South, and Understanding Forage Quality. These publications are ideal for individuals interested in furthering their alfalfa knowledge as well as educational tools for meetings and classrooms.

“Winter Survival, Fall Dormancy, & Pest Resistance Ratings for Alfalfa Varieties” Leaflet... This variety leaflet, published annually, is widely considered the most reliable source of information on the characteristics of over 250 alfalfa varieties. Only varieties approved by the Association of Official Seed Certifying Agencies (AOSCA) and the National Alfalfa Variety Review Board (NAVRB) are included in this publication. To order or download NAFA publications, visit www.alfalfa.org.

Research & Policy Initiatives  Providing Vision for a Profitable Future

Biotechnology
- APHIS
- Coexistence Strategy Implementation

EPA
- Crop Protection Tools
- Agency Liaison

Farm Bill
- CSP - Supplemental Payments for Resource Conserving Crop Rotations

Risk Management Agency
- Pilot Alfalfa Seed Crop Insurance Program

U.S. Alfalfa Farmer Research Initiative  (Alfalfa Checkoff)
- Feed Value Consistency (i.e. digestibility, sampling)
- Agronomic Management
- Forage Quality Improvements
- New Uses and Market Development
- Yield Improvements
- Fertility, Soil Management, Soil Health, Macro/Micro Nutrients

AFRP – $2.25 million
APRI – $100,000

ARS Research Units  (USDFRC, Logan, St. Paul, Prosser)

Annual memberships follow the July 1 - June 30 fiscal year.
(Seed Associations, Genetic Suppliers, and Seed Marketers - contact the NAFA office for a different dues structure.)
